

## Subject: CSWC Operational Period Summary 1800 January 5 to 0600 January 6 2014

### WEATHER:

**Northern California:** High pressure along the west coast will continue dry and warm weather today. A slight chance of showers will be possible the remainder of the week, especially over the northern mountains as several weak low pressure systems move through the region.

**Southern California:** Warm and dry conditions and Santa Ana winds for some areas will continue today. A cooling trend is expected Tuesday through Thursday as a couple weak troughs of low pressure move through the area. Warmer weather will likely return by the end of the week as high pressure builds into the great basin and offshore flow develops once again.

### State Weather Map

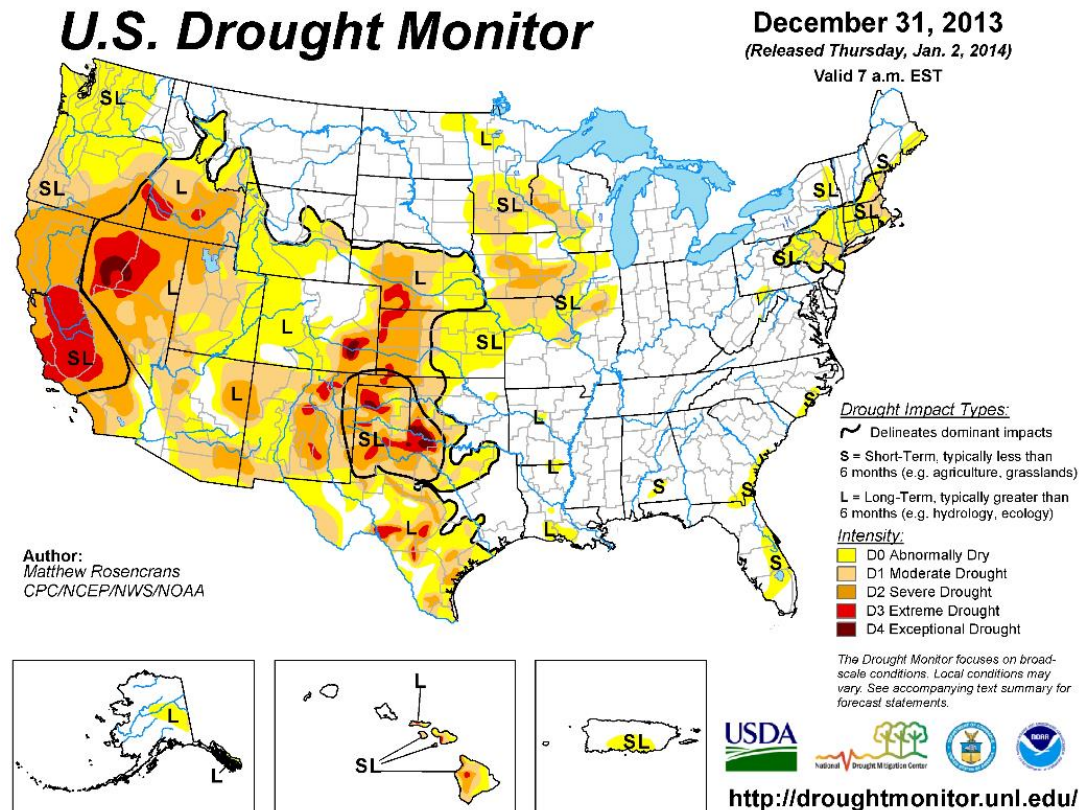

### SIGNIFICANT EVENTS/ACTIVITY:

#### State:

#### **Cal EOC Incident - Drought 2014**

The lack of winter rain and snowfall has resulted in drought conditions throughout the State. Some local jurisdictions are implementing mandatory conservation orders. Reservoir levels are down significantly from where they should be on average for this time of year. Severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are

likely in store for the State over the next few months. The Governor has established a Drought Task Force to oversee and coordinate the response to this event.

### Northern California:

#### **Red, Vegetation Fire, Humboldt County, SRA (Update)**

Per Cal FIRE ICS-209 on 01/06/14 at 0600 hours:

Start time: 01/04/14 at 1200 hours

\* 350 acres (+100), 40% Contained (+30%)

\* Expected Containment: 01/07/2014

## **Southern California: NSTR**

## **CAL OES MISSIONS:**

### **New Missions: NSTR**

### **Ongoing Missions:**

**2013-FIRE-1902** On 12/30/13, 1538 hours, Pasadena Fire Department requesting California National Guard 9th Civil Support Team for the BCS National Championship Game on 01/06/14.

**2013-Coastal-1867** On 12/23/13, Monterey County Environmental Health is requesting the Department of Toxic Substance Control (DTSC) for post-fire household hazardous waste and asbestos removal for burned residences. This is an ongoing program after a fire in California.

**2013-Southern-1468** Cal Trans/State Parks, Crystal Cove Slope Repair, Orange County. Per Cal Trans, on 01/03/14, the majority of the work has been completed; there is still some minor work that needs to be done. The roadway is currently back open with no lane closure or travel restrictions. Due to unforeseen circumstances, "Weather and a Safety Review" change, time for completion is now the second week of January.
